Q5. Please provide any further comments about the Teaching Assistant Mr CHUNG, Peter below.

1. Peter is a really good TA! He never make the class boring

2. Good and funny teaching! Very interaction and engaging .

3. Sorry I don't listen to IU (or any k pop for that matter)

4. Peter is funny in class, but other side class, he's not always providing good answers to students questions, as most of the time he misunderstood what the students are really asking about.

5. I can see that he tries to arouse stuents' interest in lab sessions by playing "song guessing games". It is fun but I feel that it does not relate to the topic taught. He answer questions from students promptly.

6. .

7. Best ta of all time

8. Good interaction with students.

Explanatory note on the number of students invited:

Starting from AY2025-26 Fall, the enrollment numbers in SFQ reports will be captured from SIS on the day before survey invitation emails are sent. All students enrolled in the course section at that time will be invited to complete the SFQ survey unless an exclusion request has been approved before the survey start date.
