Student Feedback Questionnaire

Teaching Personnel Report

Spring 25-26

Survey Period: 24 April 2026 — 15 May 2026

Mr CHUNG, Peter

COMP-2011-LA1 Programming with C++

73 student(s) have evaluated the course.

97 student(s) have not evaluated the course.

Percentage of invited students responding: 42.9% (73 / 170)

About the Class and TA(s) / TSS

- Q1. The Teaching Assistant Mr CHUNG, Peter was good at providing informative answers to students' questions on the laboratory-related matters and arrangements.

		Weight	Count	Percentage				
5	Strongly Agree	5.0	43	58.9%		Regular		
4	Agree	4.0	18	24.7%		Statistics	Mean	SD
3	Neither Agree nor Disagree	3.0	6	8.2%		Survey	4.31	1.11
2	Disagree	2.0	0	0.0%		Section	4.31	1.11
1	Strongly Disagree	1.0	5	6.8%		Course	4.17	1.06
N/A	Not Applicable		1	1.4%				
	Total		73	100.0%				

Q2. The Teaching Assistant Mr CHUNG, Peter frequently reminded the class of possible hazards and the importance of laboratory safety.

		Weight	Count	Percentage			Regular		
5	Strongly Agree	5.0	36	49.3%			Statistics	Mean	SD
4	Agree	4.0	19	26.0%		Survey		4.30	0.96
3	Neither Agree nor Disagree	3.0	8	11.0%		Section		4.30	0.96
2	Disagree	2.0	1	1.4%		Course		4.17	0.98
1	Strongly Disagree	1.0	2	2.7%					
N/A	Not Applicable		7	9.6%					
	Total		73	100.0%					

Q3. Mr CHUNG, Peter was readily available outside of the laboratory classes to support students with their laboratory work (e.g. in-person, reply to emails within one week)

		Weight	Count	Percentage	
5	Strongly Agree	5.0	35	47.9%	██████
4	Agree	4.0	18	24.7%	███
3	Neither Agree nor Disagree	3.0	14	19.2%	██
2	Disagree	2.0	2	2.7%	
1	Strongly Disagree	1.0	2	2.7%	
N/A	Not Applicable		2	2.7%	
	Total		73	100.0%	

		Regular	
Statistics		Mean	SD
Survey		4.15	1.02
Section		4.15	1.02
Course		4.10	0.99

Q4. Overall, I am satisfied with the teaching and assistance by the Teaching Assistant Mr CHUNG, Peter in the laboratory classes of this course.

		Weight	Count	Percentage			Regular		
5	Strongly Agree	5.0	42	57.5%			Statistics	Mean	SD
4	Agree	4.0	15	20.5%			Survey	4.22	1.13
3	Neither Agree nor Disagree	3.0	10	13.7%			Section	4.22	1.13
2	Disagree	2.0	2	2.7%			Course	4.15	1.05
1	Strongly Disagree	1.0	4	5.5%					
N/A	Not Applicable		0	0.0%					
	Total		73	100.0%					

Q5. Please provide any further comments about the Teaching Assistant Mr CHUNG, Peter below.

1. good

2. I think the TA would often go off topic and speak about kind of political/ social matters that felt discriminatory. As it isn't necessary to speak of these topics in a C++ tutorial I think it would be nice if he can avoid this, because it really did make me and my friends who are international students feel offended.
3. .
4. no
5. no
6. Explain lab contents clearly, but please don't sing any more.
7. nothing to add
8. The teaching is fun. I hope Peter can keep singing every lab.
9. dont sing anymore :)
10. I would prefer more time to answer questions for the song guessing, but actually he explains as soon as someone got the answer so I think it's reasonable. also I dont know any of the songs :(
11. no
12. Great guy, very entertaining in labs!
13. I feel like his behaviour in labs is not very professional and some of the comments made can be offensive.
14. He is good and awesome. But he can spend more time to deliver lab materials during the lab.
15. He is always willing to answer our questions and help us understand the course materials.
16. The lab quiz he sets has very ambiguous questions and are often not related to the course ILO. Teaching style is fun but not what you would expect in a university course. I do appreciate fun jokes on class, but there is just too much off-topic content.
17. Excellent teaching for labs and tutorials.
18. Love the beautiful singing
19. good enough
20. none
21. Good to have song guessing game for every class. Enjoy to hear the songs. Lesson is full of joy.

22. I am so over this. Every lab class, at 9 am in the morning, we had to endure the TA singing 4-5 songs. These were in no way helpful in learning anything for the course. Not only were the songs in every possible language you can think of, but we were shown AI-generated songs of the TA dancing with IU (a singer). Apart from the AI songs, there were a lot of racist comments made during the classes. The TA also generated AI videos of himself in a different ethnicity, singing a song with a different skin colour and clothes. I found this very disrespectful. Dealing with this every class is disturbing, and we have to do our quiz after this, which many students are not able to concentrate on.
23. Always singing so noisy

Explanatory note on the number of students invited:

Starting from AY2025-26 Fall, the enrollment numbers in SFQ reports will be captured from SIS on the day before survey invitation emails are sent. All students enrolled in the course section at that time will be invited to complete the SFQ survey unless an exclusion request has been approved before the survey start date.

Report prepared by HKUST
